Product description

Thanks to the *Dice Tray - Goblin Engineer*, you will have all your dice in one place during any games that include rolling the dice. When making rolls, none of the dice will roll out of the table, or stop on a terrain piece, showing two results at the same time. Dice trays occupy a very small part of the table (18 cm x 18 cm), and after the game, you can unclasp them and take them home rolled-up. They work great as mouse mats too.

Size: 18 cm x 18 cm

Material: a mix of a fabric and a foam rubber
