## Product description

Liagulians are common units that attack with great hordes always using their numerical superiority. During the fight, they screech loudly, driving the enemies crazy. Their long weapons allow them to make good use of the rear ranks of troops. Liagulians are quite arrogant and believe that they can defeat any enemy. If things don't go their way, they always think that they were too few.

### Colour schemes:

#### Arox

Scaly skin - warm green  
Torso - beige  
Weapon decorations - red

#### Sorgax

Scaly skin - cold green  
Torso - grey
