Product description

Magic is a supplement for *Umbra Turris Skirmish Game*. It contains **18 Item Cards** (also called *Magic Cards*) and **2 miniatures: Owl & Spawn of Magic** (randomly selected from 4 available versions).

What are Item Cards for?

If your party includes a Mage, before the battle, you will be able to draw 3 Item Cards from your Item Deck and use them during the game. Item Cards divide into 3 types:

1. **Permanent** – placed face up on the table, they will serve you for the whole battle. *Example: A Swift Boots card is a Permanent Item, increasing your Mage's movement by 5 cm for the rest of the game.*
2. **Temporary** – kept secret until used, with a limited-time effect. *Example: A Sydrexian's Relic card is a Temporary Item, allowing you to decrease certain stats of a chosen model (either yours or your opponent's) for a limited-time stated on the card. Once that time ends, this item is discarded.*
3. **Instant** – kept secret until used, use them exactly in the moment their effect can be used. Then, they are immediately exhausted. *Example: A Black Seed Beverage card is an Instant Item able to negate the enemy's successful charge, placing them exactly 1 cm away from the charge target. After that, this item is discarded.*

What are Owl & Spawn of Magic for?

These miniatures are connected with two of the cards included in the set – *Stray* and *Owl of Autumne*. You will need them if you draw any of these cards.
